Important

Before importing these samples, please take a backup of your SD card by copying your data to a computer. Importing these samples may overwrite your data if you already imported and/or recorded other samples to your SD card.

How to Import the Samples

There are two ways to import the samples.

A. Importing the Samples to a New Song

1. Insert the SD card into the FA-06/FA-08.

2. While holding the SHIFT button in the SEQUENCER screen, press [3] (Song Util).

Press [3] (Song Util).

While holding the SHIFT button ...

TIP

To go to the SEQUENCER screen, press the SEQUENCER button.

3. Select "Song Clear" and press [7] (Select). Then press [6] (OK).

Select "Song Clear".

Press [7] (Select).

Press [6] (OK).

4. Press WRITE, select "Song", press [7] (Select), and then select a SONG number that you want to use the samples with.
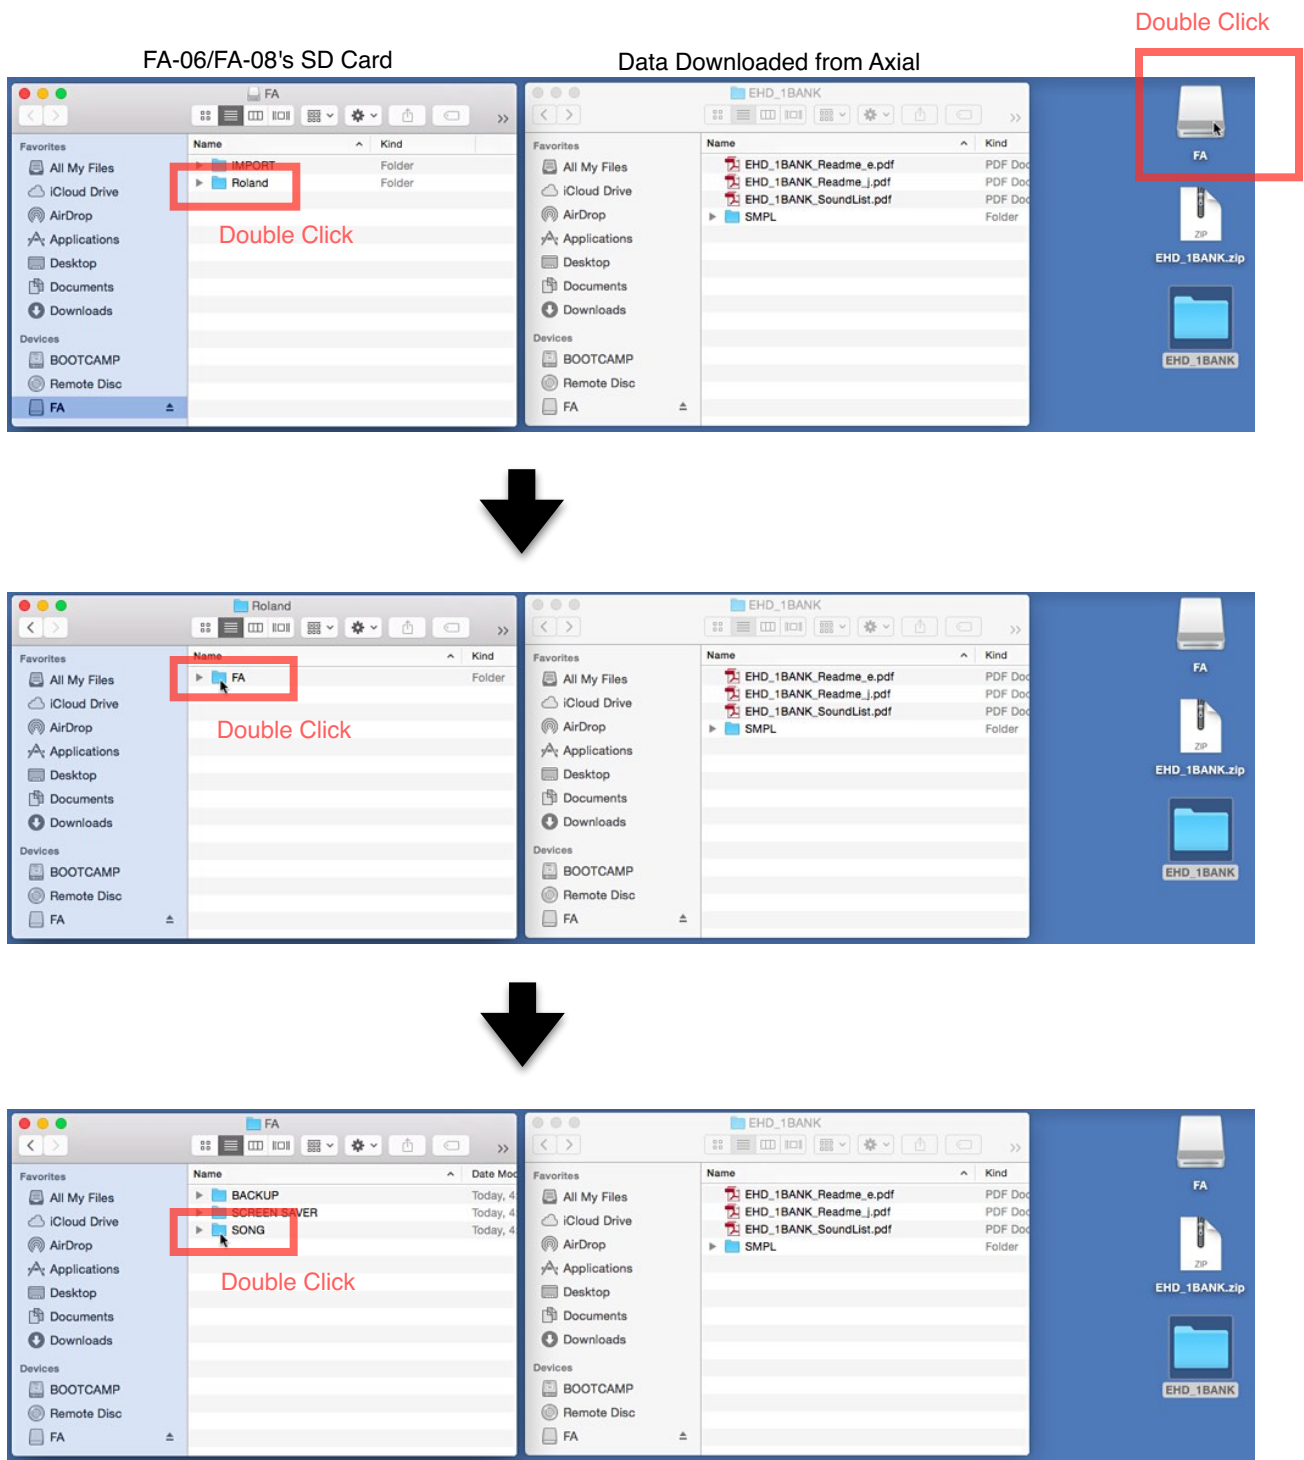

Press WRITE.

Press [7] (Select).

Choose a song number that you want use the samples with.

Press [7] (Save).

5. After you're done saving, remove the SD card.

6. Insert the SD card into your computer. If your computer doesn't have a SD card slot, you will need a separately sold SD card reader.
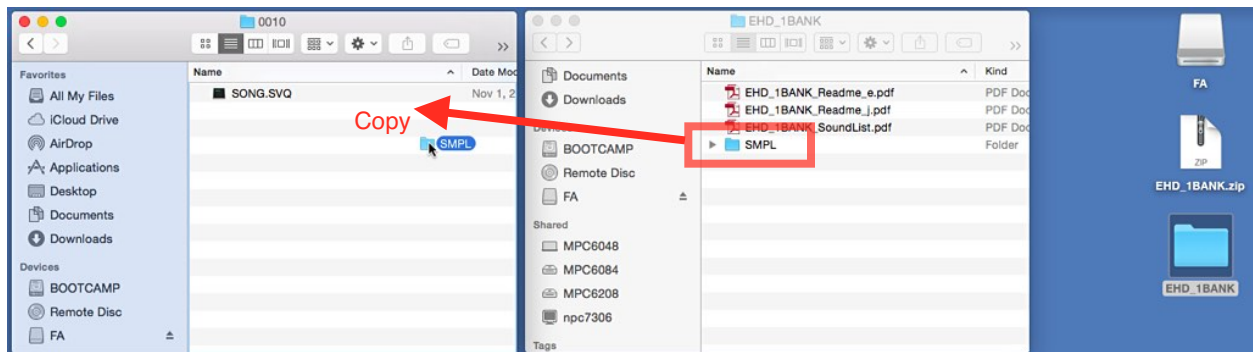

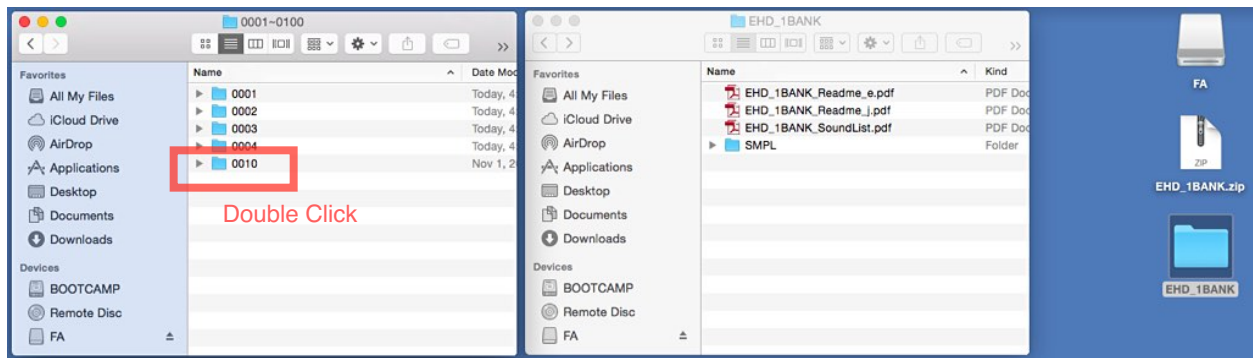

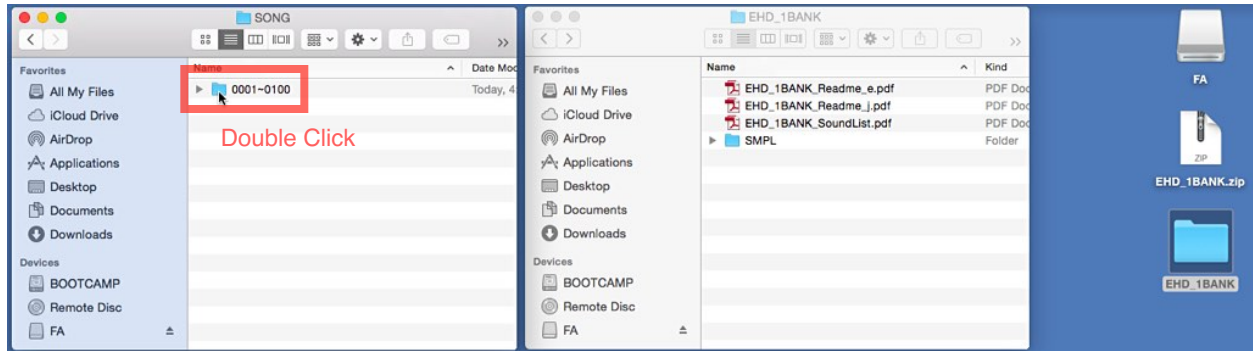

7. Open the SD card, the "Roland" folder, the "FA" folder, and then the "SONG" folder.
